Entrance Pull Handles > Details & Information

First impressions count. That’s why more architects and designers are specifying Zanda Pull Handles in some of Australia’s finest buildings. Appearance, durability, versatility, ease and flexibility of installation are just some of the qualities that have transformed our Pull Handles into an industry mainstay.

Our unique range comprises of 17 different styles and 48 different sizes ranging from 300mm right up to 1.8metres long. What’s more, all of Zanda’s Pull Handles are constructed from 316 Marine Grade Stainless Steel making them ideally suited to corrosive applications or high humidity situations.

We can proudly say you won’t find a better Pull Handle range in Australasia! That dream entrance can become a reality. Flick through the next 16 pages and you’ll find out exactly what we mean.

Fixing Options

Fixing Options

Rear Fixing Bolts

For Timber & Aluminium Doors - 60mm Length

M8: 7321
M6: 7322
